

birth of the battleship pdf

A battleship is a large armored warship with a main battery consisting of large caliber guns. During the late 19th and early 20th centuries the battleship was the most powerful type of warship, and a fleet of battleships was considered vital for any nation that desired to maintain command of the sea.. The term battleship came into formal use in the late 1880s to describe a type of ironclad ...

The pre-dreadnought developed from the ironclad battleship. The first ironclads – the French Gloire and HMS Warrior – looked much like sailing frigates, with three tall masts and broadside batteries, when they were commissioned at the start of the 1860s. Only eight years later HMVS Cerberus, the first breastwork monitor, was launched. After a further three years followed HMS Devastation, a ...
