"Management Essentials" is a course that's designed to help new and recently appointed managers better understand their role in leadership. Through this course you will find out exactly what you need to learn about managing teams, as well as whether you can recall the information at the end of each lesson, and how to apply this information to your specific situation.

Online Course: Management Essentials 101 | UniversalClass

IJEER addresses economics/business issues that are clearly applicable to private profit-making entities and/or to public policy institutions. It considers all aspects of economics and business, including those combining business and economics with other fields of inquiry. IJEER, unlike its sister title, Global Business and Economics Review, does not require that authors write papers about the ...

International Journal of Economics and Business Research

Applied economics is the application of economic theory and econometrics in specific settings. As one of the two sets of fields of economics (the other set being the core), it is typically characterized by the application of the core, i.e. economic theory and econometrics, to address practical issues in a range of fields including demographic economics, labour economics, business economics ...
