Insurance is a means of protection from financial loss. It is a form of risk management, primarily used to hedge against the risk of a contingent or uncertain loss.. An entity which provides insurance is known as an insurer, insurance company, insurance carrier or underwriter. A person or entity who buys insurance is known as an insured or as a policyholder.

In short, sustainable business practices mean that companies (and the executives who run them) act in a socially responsible manner that considers the impact of its business practices on future generations, the health and well-being of consumers and employees, and the planet, while at the same time remaining profitable. The insurance industry has a vested interest in embracing sustainability.
