

jenbacher gas engines parts pdf

Jenbacher gas engines They furnish onsite power, heat and cooling for a variety of commercial, industrial and municipal applications – particularly renewable and waste-to-energy, industrial power generation and cogeneration/CHP (combined heat and power), and oilfield power generation.

Jenbacher and Waukesha Gas Engines - INNIO

The result of continuous enhancements and extensive experience, INNIO's Jenbacher Type 6 gas engines are an advanced and reliable addition to our product line. The 1,500-rpm engine speed results in a high power density with low installation costs, and its pre-combustion chamber achieves high efficiency with low emissions.
