New York City English, or Metropolitan New York English, is a regional dialect of American English spoken by many people in New York City and much of its surrounding metropolitan area. Described by sociolinguist William Labov as the most recognizable dialect in North America, the dialect is known through its association in the media with many public figures and fictional characters.

New York City English - Wikipedia

Bangs (also known as a fringe) are strands or locks of hair long enough to fall over the scalp's front hairline to cover the forehead, usually just above the eyebrows, though sometimes they can even cover the eyes. While most people cut their bangs straight, they may also shape them in an arc, leave them ragged or ruffled, or give them other shapes.
