The Late Shift: Letterman, Leno, and the Network Battle for the Night is a 1994 non-fiction book written by The New York Times media reporter Bill Carter. It chronicles the early 1990s conflict surrounding the American late-night talk show The Tonight Show. The book was later made into a film of the same name by HBO

The Late Shift (book) - Wikipedia

Military tactics encompasses the art of organising and employing fighting forces on or near the battlefield. They involve the application of four battlefield functions which are closely related – kinetic or firepower, mobility, protection or security, and shock action. Tactics are a separate function from command and control and logistics. In contemporary military science, tactics are the ...

2 Strategic Planning has a tendency to force people to think about the future. This is extremely important
since many organizations are inward thinking, focusing too much on the short-term.
