Global warming and climate change is one of the most extensively researched and discussed topical issues affecting the environment. Although there is enough historical evidence to support the theory that climate change is a natural phenomenon, many research scientists are widely in agreement that the increase in temperature in the 20th century is anthropologically related.

Jihadism back from the dead in Southeast Asia 19 August 2017. Author: Zachary Abuza, US National War College. Within any Salafi-jihadist organisation there lies a debate over strategy: should the organisation target the enemy at home or the one further afield, like Western backers of the government? In Southeast Asia this debate has erupted in recent years.
